Note:

Part A of the Schedule Four of the Income Tax Act, 1961 prescribes that tax be deducted on the provident fund settlement, if the member has not completed 5 years of membership. Membership period is computed from the data of joining till the date of leaving. In case if transfer in is received from your previous provident fund account, your previous employment period would also be considered in calculating the membership period,

For example: If you have been employed in Mphasis from 1st August 2013 to 1st August 2014, with no prior employment, your membership period would be calculated as 1 year. However, if you were employed with another company before that, from 1st July 2011 to 1st July 2013, and you got your PF amount transferred to Mphasis, then the total membership period calculated would be 3 years.
